From the Modocs.

LAVA BED, May 11-9 A. M.
YREKA, May 12.
The courier arrived here at 9 this A. M. having left the front at 9 o'clock yesterday morning. The following particulars of the attack upon Captain Hasbrouck's command are from the Yreka Journal Extra of this morning:

LAVA BED, May 11-9 A. M.
Dispatches from Lieutenant Boyle's camp state that at sunrise yesterday the Modocs came into camp and fired on the picket guard. The command under Captain Hasbrouck were scouting all day. It turned to Sorass Lake far water making efforts to secure some by digging, but none could be found. McKay was sent back to Lieutenant Boyle's camp, under Battery B, Fourth Artillery and companies I, G and B troops, First Cavalry, were left. The distance being seventeen miles, it occupied all night, and at the dawn of day Captain Jack, and his band rode up to within one hundred yards of the camp, when the Indians dismounted and charged the camp, firing into the herd and guard. The first volley stampeded the herd and they left for camp, and while the men were getting under arms the Modocs gave volley after volley, killing four soldiers and one Warm Spring Indian. A rally was made and a charge sounded, and at this time McKay came in sight, and his men united and drove the Modocs into the timber, capturing twenty-one ponies and three pack mules. One Modoc was left on the field. The Modocs packed off six bodies before they retreated. Their trail is covered with gore. The Indians beat a hasty retreat towards the McClude range of mountains, South of Sorass Lake. General Davis is determined to keep them moving until the last Modoc is killed. Captain Hasbrouck thinks the Modocs have no ammunition except what is in their pouches, as they lost their entire stock of ammunition in the fight. Surgeon Semig has had his leg amputated below the knee.

Take Warning!

THE V. & T. R. R. COMPANY ARE

anxious to take due precaution against accidents and loss of life resulting from running of their trains; and they take this method of warning Parents and Guardians against the dangers attending the too common practice of Children playing about their Cars and locomotives. Those having in charge the business of the Company find it impossible to remove boys, who frequent the terminal and stopping places of the road from climbing upon the cars and engines, and they will feel themselves obliged to resort to more decided measures if these annoyances are continued. Recent accidents, which are wholly attributable to the carelessness of persons jumping on and off the cars when in motion, should be warning enough in themselves.

INDANTYMPAY!

The New Life Giver, Life Invigorator and Blood

Purifier and System

CLEANSER AND REGULATOR.

None but those who have used this medicine

that can testify and be aware of the beneficial

effects of it which hundreds or more in the last

few months of its use can testify to the virtues

of the INDANTYMPAY as being one of the

GREATEST BLOOD PURIFIERS

In use and alternative and cleanser, so that the

cause of all ailments is checked and a new order

of life established.

There is no use of making mention of the

various names of complaints that the human

family is subject to; they only spring into use

by the difference of opinions of men, which is

nothing more than a BLOOD DISEASE, result-

ing in various ways, as the circulation may be

numbed or checked by external or internal

causes, and whatever part of the system may

be excited by labor or war, the food dead

and dying parts lodge therein and produce as it

were a rot out of dead substance producing all

the ailments that the human family is afflicted with.
